**Garden Up**<sup>®</sup>  
Vertical Gardening

*did you know?*  
Garden Up has been designed to set up in minutes, ready to add your favorite plants. With water smart pots and multiple mounting options, it's a no-brainer!

**Need some help?**

**WHAT TO PLANT**

**Succulents**

most are hardy and can survive with minimal attention

**Herbs**

mint, oregano, chives, thyme, rosemary, parsley, basil

**Edibles**

cucumbers, berries, chillis, spinach, tomatoes, beans

**Potted Colour**

ask your local Bunnings store for plants to suit your area

**Trailing Plants**

trailing plants help fill out your garden - try 'Pig Face'

**HANDY HINTS**

- If you are planting in a shady position, try ferns and bromeliads for foliage and impatiens for flowering colour.
- Use a vertical garden potting mix or alternatively a good quality premium potting mix will have good water holding capacity.
- Make sure you use a controlled release fertiliser. Water with a liquid fertiliser every 2 weeks.

Easily move the pots or re-position the whole system

**Freestanding**

**\$129.00** :2940958  
Five tier movable garden 550mm x 1070mm
