

5kg & 10kg Coils

Fencing Solutions / Tie Wire

- Soft, easy to use
- Galvanised to resist corrosion
- Colour coded coil labels

SOFT GALVANISED TIE WIRE

Whites traditional 5kg and 10kg tie wire coils are soft and easy to use and come in a wide variety of diameters to cover various applications. The wire is galvanised to resist corrosion.

The packs are convenient enough to carry yet contain sufficient wire for most applications around the work-site, office, home or farm.

Code	Product Description	Wire Dia. mm	Length m
5KG COIL RANGE
