

Bird Deterrent Spikes

Outdoor Essentials / Pest Deterrents

- Effective bird deterrent
- Safe to birds and people
- Quick and easy to install
- UV resistant clear plastic

DETER BIRDS FROM LANDING AND ROOSTING

Whites Bird Deterrent Spikes are designed to provide an excellent and cost-effective way to deter birds. The pointed spikes are a barrier to the birds, deterring them from landing on surfaces or roosting on your home or property.

Placed along edges and flat surfaces where birds like to perch, such as building ledges, balconies and backyard fences, these humane spike strips deter birds from causing mess and noise.

Code	Product Description	Length
18410	Bird Deterrent Spikes	600mm
