GRADUATED MESH, HEAVY DUTY LINE AND PICKET WIRES

Whites Medium Duty Dog Mesh is an ideal fencing mesh to keep non-aggressive dogs and similar animals within a boundary, or out of garden beds and yards.

The graduated mesh is available in 120cm or 180cm high, with smaller apertures at the base to fence puppies and smaller animals.

Note: For large or aggressive dogs we recommend the use of Heavy Duty Dog Mesh or Chain Wire Mesh.
