PROVEN DESIGN, TENSIONING TOOL

Whites Fence Wire Chain Strainer features a proven design to easily strain all common sizes of fence and barbed wires. It has a strong durable construction with a wire clamp grip for fence line or hook for use at an end post.

Available in bright blue colour.

To strain:

1. Insert chain into chain jaws (remove twist).
2. Clamp wires with the wire grips at both ends.
3. Crank the handle to tension.
