PLANT WHAT YOU WANT, WHERE YOU LIKE!

Garden Up Mix'n'Match gives you the freedom to grow your plants anywhere.

Turn any wall, fence or vertical space into a living, growing Green wall or edible garden. Personalise your backyard or balcony with your choice of edible crops such as herbs, salad leaves and strawberries or an attractive floral display.

Whites Garden Up Mix'n'Match Herb Pot can be mounted on wire frames or trellises. For hanging on a wire frame, use [Garden Up Mix'n'Match Mesh Grid](#) as an easy, effective solution. Simply add more vertically or horizontally to expand your living Green wall.

It features water-smart design with an integrated saucer to prevent over-watering and conserve excess water.

Handy Hints:

- Use a premium quality potting mix (Australian Standards logo with four ticks) and water regularly.
- Depending on your plants, it's best to maximise the amount of natural light by positioning the plants in a sunny, north facing position.
- Always ask your gardening expert for the best plant varieties to suit your region and time of year.
