

Prowling Owl

Outdoor Essentials / Pest Deterrents

- Realistic and life-size owl
- Quick and easy to install
- Deters birds and rodents
- No tools required for assembly

SCARES AWAY BIRDS AND RODENTS

Whites Prowling Owl is an excellent deterrent for unwanted birds and rodents. Pests are instinctively scared away by the sound and motion of the flapping wings which move in the wind. Prowling Owl is effective during the day and also against nocturnal pests.

Simply mount on a pole or hang from a tree, no tools required for the assembly. Ideal for backyards and gardens, it has a huge 1-metre wing span, highly visible intimidating eyes and flexible wings that move and flap in the wind.

Made from durable weatherproof material.

Code	Product Description
18409	Prowling Owl
