

Ring Latch Set

Fencing Solutions / Gates & Fittings

- Gate Latch set - for locking gates
- Ring latch & catch
- Suits all posts

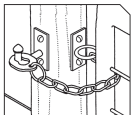

RING LATCH AND CATCH

Whites Ring Latch Set includes the catch, ring latch and chain for locking gates.

For installation, ensure that you use screws that are suitable for the type of post; Ring Latch & Catch can also be welded on steel posts.

1. With the gate in closed position, place the catch on inside face of the post as shown below. Mark holes pre-drill and fix.
2. Pass chain through gate and position chain latch plate allowing for slack. Mark holes pre-drill and fix.

Code	Product Description
13792	Ring Latch Set

Handy Hints:

- Use with Whites Strap & Hinge Set Gate Fittings.
