

Stake Driver

Fencing Solutions / Garden Posts

- Drives with precision
- Strong steel construction
- Fits neatly over timber stakes or fence posts
- Strong steel handle with soft rubber grip
- Saves your fingers

FOR STAKES AND POSTS

A fast, safe and easy to use timber stake or fence post driver. Simply place over the top of your timber stake or fence post and strike with a hammer or mallet for a smooth and controlled drive.

This nifty device will save both your thumbs and the tops of your stakes or posts from wayward strikes!
